FX

- Features**
- Designed with a special vibration proof element, keeping the battery at top performance even on harsh Indian road conditions.
 - High quality PP plastic containers designed to sustain highest and lowest temperatures.
 - Long lasting life.
 - Reliable cranking power - Dynamic Power.
 - Excellent electrical performance.
 - New Calcium-Tin alloy, prevents grids surface from corrosion and reduces self discharge.
 - Enveloped PE separators from France, for low electrical resistance prevents internal short circuit between positive and negative plates.
 - With the Magic Eye Indicator for easier maintenance.
 - Plates reinforced with ultra micro fibre & special tissues to increases the durability of the performance of the battery.
