SURGE

- Features**
- Microcontroller based PWM technology using MOSFETs.
 - Intelligent CC-CV charger with ASIC [Auto sense intelligent control] feature and Auto trickle mode to reduce water topping and enhance battery life.
 - Intelligent thermal management with over temperature protection.
 - Smart overload protection with auto resets [Advanced load management].
 - Short circuit protection and advanced reverse phase protection, even if inverter switch is in OFF condition.
 - Battery overcharge and deep discharge protection.
 - Charges battery even at low input voltage. Useful for areas where input mains supply is low.
 - User selectable charging option.
 - User selectable Normal or UPS mode. This makes it possible for the user to run PC along with other household appliances on UPS mode.
 - Able to withstand high surge/inrush current.
 - Power generator compatible.
 - Synchronization at changeover.
 - Cold start capable.
 - Mains over voltage and under voltage cut-off [with advanced mains recovery]
 - Charger fail protection.
 - Smart Battery Charger.

Specification

Model	BTSQ 600	BTSQ 800
Rating	600VA	800VA
Dimension (in mm)	300x280x125	300x280x125
Nett. Weight	9.2 Kgs.	10 Kgs.
Warranty	24 Months
