

DOING OUR BIT TO MAKE YOUR DRIVE STRESS-FREE

With 25 years of technological innovation in automotive and standby power solutions, Base is known for unparalleled expertise in batteries.

The Thunder car batteries come from Base's wide range of automotive batteries. Thunder is a value for money offering that is reliable and has proven its toughness in all terrains. Take anything on with the Fighter by your side.

THUNDER

CELEBRATING **25** POWERFUL YEARS

BASE
BATTERIES

An ISO 9001:2008 and 14001:2004 Certified Company

THUNDER

- Features**
- Designed with a special vibration proof element, keeping the battery at top performance even on harsh Indian road conditions.
 - Special grid alloy to maximize corrosion resistance, increase cycle life, reduce water consumption and battery durability.
 - Envelope separators from France, that are designed to help eliminate shorting and "corrode through" to improve reliability and battery life.
 - Special ribbed separators slots provide high cranking power and the unique grid design assures maximum conductivity.
 - Special paste formulation: Increases the durability of the plate by reduced aging rate of active material and strong adhesion of active material.

Specification *

Model	Volt	Capacity C20	Bench charging	Dimensions (in mm)			Approx. Battery weight with acid (Kgs)
				L	W	H	
T 43 DIN	12	43	4.5	207	175	175	13.8
T 44 DIN	12	44	4.5	206	175	190	13.5
T 55 DIN	12	55	5.5	242	175	190	16.0
